

Please leave the decision to me whom I want to call me and if I want them to call me. My telephone should not be a tool for anyone but me. If a telemarketing firm wants to pay for my telephone service then they should have access to the telephone. Since I exclusively pay my bill, unwanted calls are a NUISANCE to me and I feel I am under no obligation to be annoyed because someone wants to make a buck by trying to sell me something that they think I CANNOT live without. LEAVE THE WISCONSIN NO CALL LIST INTACT AND SAY NO TO THE TELEMARKETERS. Thank you!
